Educational Session Information

ADA IDEAS AND ISSUES

How can we best accommodate people with disabilities at festivals & events? What are the best ways to communicate and educate the public about access?

TAKING SOCIAL MEDIA TO THE NEXT LEVEL!

You have Facebook and SnapChat – but now what? Learn how to use social media tools to take your interactions to the next level.

NETWORKING LUNCH

Meet and get to know fellow festival planners!

WEATHER . . . LET'S LEARN HOW TO DEAL WITH IT!

This class will discuss a variety of hazardous weather events and their potential for serious problems that event planners may experience. We will review some actual events and discuss their handling. We will also examine preparedness issues associated with these events. Our main focus will look at preparations, notifications and procedures when threatening conditions develop.

AND MORE!

There will be an additional educational session announced later this summer!
